

## STANFORD PRISON EXPERIMENT - SERIES & EPISODE DESCRIPTIONS PROOFED AND FINAL

### **SERIES:**

#### **Short:**

Unraveling the myth of the world's most infamous psychology study.

#### **Medium:**

A groundbreaking investigation of the infamous psychology study uncovers never-before-heard truths and unravels its long-held narrative.

#### **Long:**

A groundbreaking look at history's most notorious psychology study through the firsthand accounts of the original prisoners and guards, many of whom are speaking on camera for the very first time. Their stories unravel a new narrative that interrogates the motives of the man pulling the strings, Dr. Philip Zimbardo, while exploring larger questions of human nature and the power of perspective.

### **EPISODES:**

#### **EP 1: THE HALLWAY**

#### **Short:**

The story of a notorious experiment, as told by its prisoners and guards.

#### **Medium:**

The story of history's most notorious psychological experiment is told through the firsthand accounts of its prisoners and guards.

#### **Long:**

Introducing history's most notorious psychological experiment—but with a twist. The study's prisoner and guard participants take a seat in front of the camera to reveal never-before-heard details of an event that has shaped our understanding of human nature and good versus evil for the past 50 years. Together, they track the key events that took place over the six fateful days in 1971.

## **EP 2: THE UNRAVELING**

### **Short:**

Secrets are revealed that unravel Dr. Zimbardo's official story.

### **Medium:**

After 50 years, secrets are revealed. The participants refute Dr. Zimbardo's long-held claims with never-before-heard perspectives.

### **Long:**

What if we told you the Stanford Prison Experiment is not what it seems? The participants reveal new perspectives surrounding what happened in the fateful hallway, putting to question Dr. Zimbardo's long-held claims. With the help of an intrepid French researcher, we learn that the 50-year-old story is riddled with lies. Meanwhile, the filmmakers expose their own storytelling devices.

## **EP 3: A BEAUTIFUL LIE**

### **Short:**

Dr. Zimbardo defends his claim to fame. An unexpected reunion takes place.

### **Medium:**

In a pivotal interview, Dr. Zimbardo defends his famed experiment, and an unexpected reunion takes place, exposing new layers of the story.

### **Long:**

In a pivotal interview, Dr. Zimbardo takes a seat in front of the camera and defends his notorious experiment and its lessons. Meanwhile, an unexpected and exciting reunion takes place that exposes new layers of the story. This isn't a tale about an experiment debunked but rather one about the power of perspective and mythmaking.
