SPRING HAS SPRUNG!

DISNEY JUNIOR DELIVERS A BUNDLE OF JOY WITH GREENLIGHT FOR NEW ORIGINAL ANIMATED SERIES 'T.O.T.S.' FOR A 2019 DEBUT

Disney Junior has greenlit "T.O.T.S.," a heartfelt animated comedy for kids age 2-7, about the hilarious adventures of best friends Pip and Freddy, a tenacious penguin and a kind-hearted flamingo, who are the only non-stork delivery birds in-training at Tiny Ones Transport Service (T.O.T.S.). As new members of the esteemed team, these junior flyers must take tender care in transferring baby animals – kittens, cubs, calves, bunnies, puppies and joeys among them – from the nursery to their forever families around the globe. Together, they will learn how to nurture and care for the babies and use creative thinking and problem solving to model for young viewers that there isn't just one way to achieve a goal.

The series was created by Travis Braun (Disney Junior's "Vampirina" and Disney Channel's upcoming series "Fast Layne"), who also serves as co-executive producer.

Joe D'Ambrosia, senior vice president, Original Programming, Disney Junior, said, "Travis has created an imaginative and funny series that features all of the heart and relatable stories that Disney Junior is known for, while also encouraging young viewers to follow their high-flying dreams and recognize that, through teamwork and persistence, anything is possible."

Joining Braun on the creative team is Vic Cook (Disney Junior's "Mickey Mouse Clubhouse") as executive producer; Chris Gilligan (Disney Junior's "Goldie & Bear") as co-executive producer and supervising director; and Guy Toubes ("The Stinky & Dirty

Show") as story editor. The series is produced by Titmouse in association with Disney Junior.

About Disney Junior

Disney Junior reflects the emotional connection generations of consumers have to Disney storytelling and Disney characters, both classic and contemporary. It invites mom and dad to join their child in the Disney experience of magical, musical and heartfelt stories and characters while incorporating specific learning and development themes designed for kids age 2-7. Disney Junior's series blend Disney's unparalleled storytelling and characters kids love deeply with learning, including early math, language skills, healthy eating and lifestyles, and social skills. In the U.S., Disney Junior is a 24-hour channel and a daily programming block on Disney Channel reaching over 91 million U.S. homes. Globally, there are 36 Disney Junior channels in 27 languages around the world.
