

SHARKS OF THE NORTH

Descriptions

NOT FINAL

Short Description

Shark nerds reveal the enigmatic lives of Canada's great white sharks.

Medium Description

Sightings of great white sharks have been rising in Atlantic Canada. Alanna Canaran is on a mission to unravel the enigmas surrounding these creatures, determined to dispel fear of sharks in Nova Scotians. Canaran gathers invaluable knowledge of these magnificent creatures, contributing to a better understanding of white sharks in Canada.

Long Description

Sightings of great white sharks have been on the rise on Canada's Atlantic coast. Alanna Canaran, a passionate science educator and dive instructor, embarks on a mission to unravel the enigmas surrounding these magnificent creatures and is determined to dispel fear of sharks in Nova Scotians. As the journey unfolds, Canaran and her team dive into the history of human-shark relationships along the coast. Facing numerous challenges, including elusive sharks and treacherous weather conditions, the team perseveres. With sheer determination and a stroke of luck, they gather invaluable knowledge of these magnificent creatures, contributing to a better understanding of white sharks in Canada.
